

"Gravity defying. Here is a band writing some of the most strikingly relevant and urgent guitar music for a troubled age. A band that has unleashed one of the benchmark albums of 2022. This is Amongst Liars and this is game changing stuff."

Eastbourne based Amongst Liars formed in early 2020 and play a unique blend of energetic modern rock.

Critically acclaimed debut album *Amongst Liars* was released in July 2022, receiving widespread support and play from BBC Introducing, Kerrang! and Planet Rock, with singles A-listed on Primordial Radio.

In 2021/2 they completed two headline tours, supported Theory of a Deadman and did a full UK tour with Ayrton Jones, before doing a BBC Introducing Live Lounge session.

2023 highlights included a full UK tour with Theory of a Deadman, as well as recording their sophomore album, *By Design*, set for release in July 2024.

The first single from *By Design*, called *The Shameful*, was voted Metal Hammer's 'Track of the Week'.

They toured across France with Ayrton Jones in Feb 2024 and are doing a UK headline tour in July 2024, including HMV instore dates in promotion of their new album.

Amongst Liars won the prestigious Great Music Stories 'Band of the Year 2021', 'Album of the Year 2022' and most recently were crowned GMS's 'Band of the Decade'.

"Amongst Liars deliver big tunes and harsh truths on striking self-titled debut." - Kerrang!

"A band was created in 2020, which is now ready to become a pioneer of modern rock - Amongst Liars." - Metal Hammer DE

"High Hopes!" "Full throttle, turbo-charged rock. Their debut album is riddled with gale-force stompers destined to unite crowds of raised fists." Classic Rock Magazine

"Amongst Liars could well be the next big thing! Energetic and furious, making the old influences sound new and relevant; this is polemical music for this generation, and not before time. The old is dead, long live the new. 10/10" - Musipedia of Metal
